### The Government Must Save the Little Bond Holder.

Digging the bottom from under the patriotic investments of the little bond holder is one thing the Government cannot with respect for itself go on doing any further.

The war is over. Its immeasurable destruction of wealth has ceased. The exhausting drain on our Treasury is slackened in theory if not yet in fact. the United States Government's Liberty bonds, which ought to be the first security on the face of the earth, canclass bond of a private corporation.

resent merely a quotation shrinkage ers who have been compelled to sacri- times. fice their bonds.

Nobody need think that the little bond holders forced to sell go into the general market and get even the ing that peasants in the interior of low prices quoted there—the \$03.25 Russia had risen against the Bolto \$93.50 for the first and second 4s; sheviki because of excessive taxation the \$95.60 for first 414s; \$94.50 or \$94.75 for second 414s; \$95.50 for that after Bolshevism is dealt with third 414s, and \$94.50 for fourth an agrarian question will have to be 414s. The little bond holders, hard settled before a permanent governpressed for cash, driven to raise it ment is established. The peasants quickly, go to the money squeezer, go are usually reckoned to constitute to their butcher or grocer, go to a about 90 per cent, of the population of liquor shop; go anywhere and take Russia and their land troubles are of what they can get for their bond.

There were more than 20,000,000 various issues, they get hit by the revolution came.

shrinkage of each or all. scribers, who have not yet had to part reports that normal conditions exist with their bonds, have been compelled in some districts. But how about the to borrow on them. that will enable them to express themselves in good English, and likewise to spell and pronounce it correctly. School men all over the country apparently are blind to the fact that English speech is degenerating into patols, and English pronounciation into gibberish. Here is a specimen of educational efficiency; it is a letter that accompanied a birthday gift:

Data Aurr: I had exspected to get up to see you during the hollidays but was dissapointed. This is my secon year in High School and am literally rushed to death. The oppers had is am sending you had to see the birthday present I made myself. I brills are twice a week in the extent of the little the adoption of the action of "the journamendment to the action of the State legislatures."
